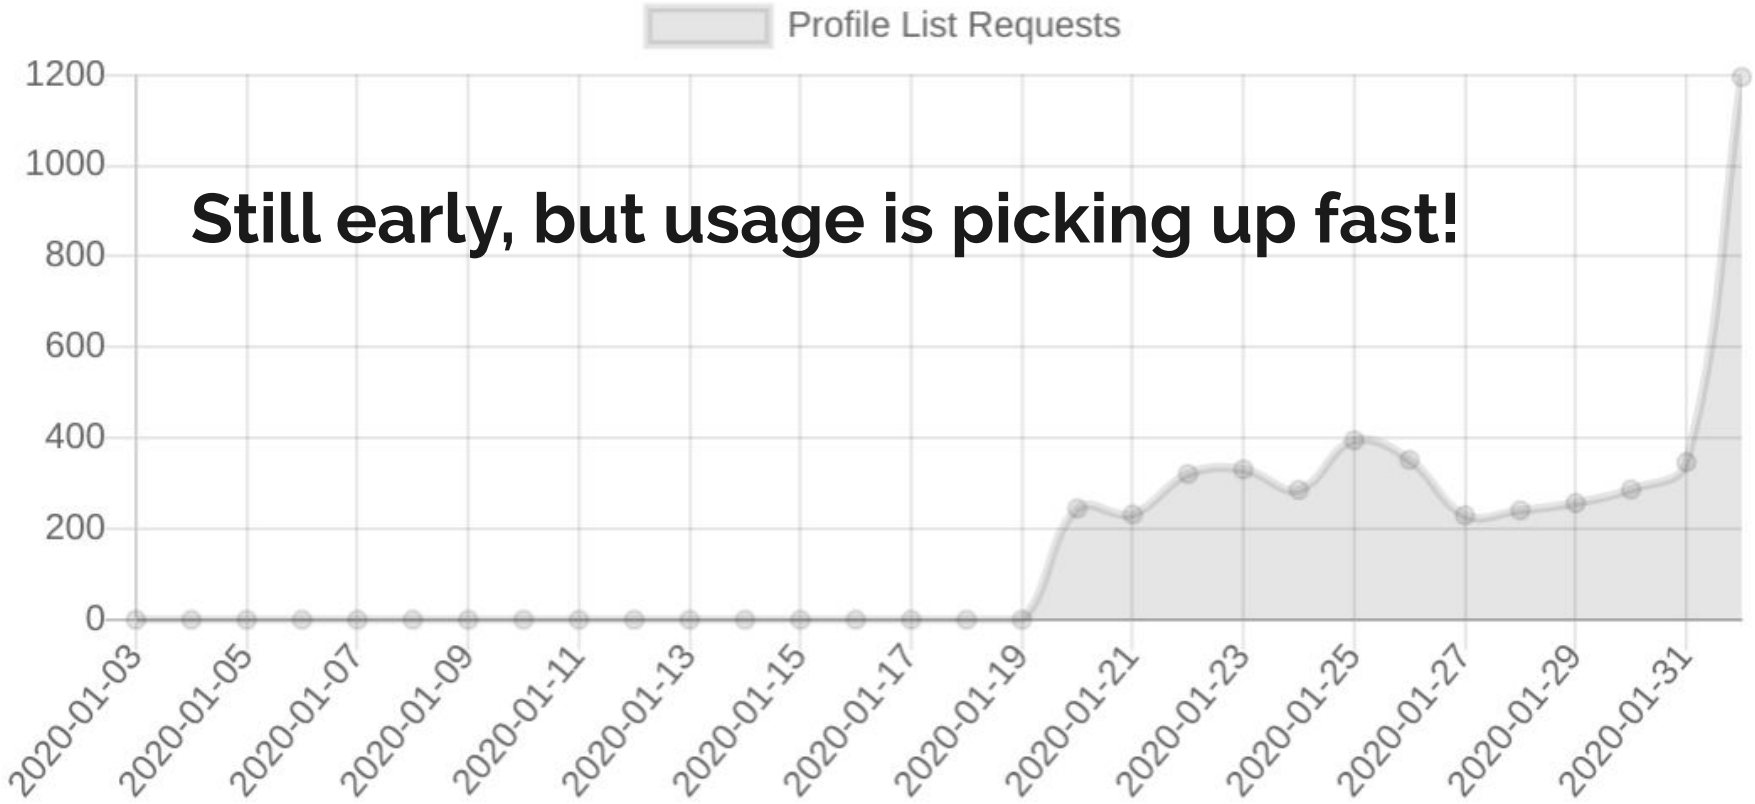
Library integration Landed fast!

< 24 hrs after publishing!

Three.js

Babylon.js



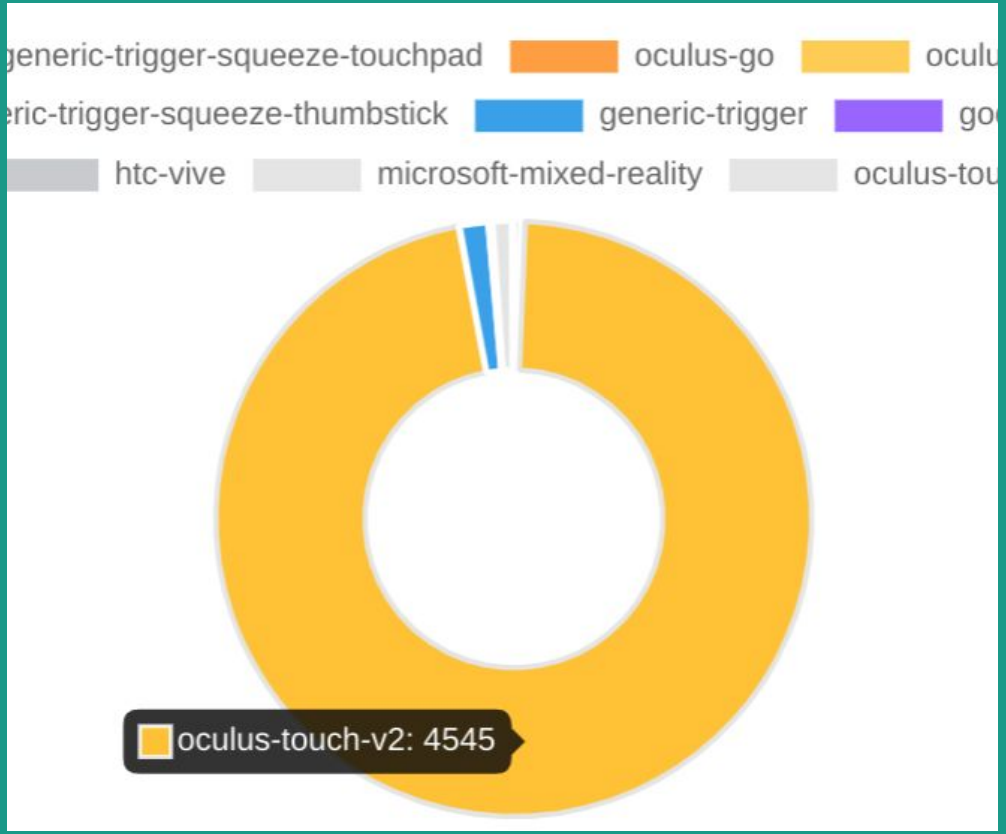
Still early, but usage is picking up fast!

~96%

Oculus Touch v2 is easily the most popular model served so far.

~96%

Oculus Touch v2 is easily the most popular model served so far.



Next Steps:

- Add new devices to the registry! (No meshes required)
- Hardware manufacturers: provide their own meshes.
- WebXR implementations: report the correct profiles.
